These shelves are HACCP certified, meaning they meet strict food safety standards. This standard is internationally recognised and assures food safety excellence.

CASTORS

At Richmond, we carry a huge range of high quality wheels & castors to suit all manner of applications, capacities and environments. We only stock the very best, so you don't have to worry about unreliable products costing valuable time and causing stress. Our extensive range of products and experienced staff can keep your equipment moving, ensuring no time is lost.

UTILITY SERIES BOLT

Ideal for light duty applications including wire baskets, display equipment and light trolley applications. A choice of a nylon wheel or non-marking grey rubber adds to the versatility of this castor.

LIGHT INDUSTRIAL - REBOUND RUBBER

The light industrial series is the castor of choice for produce bins used by green grocers, market stalls and others as it provides an economical hard wearing reliable castor. It combines a zinc plated corrosion resistant frame and a robust twin race swivel which ensures a long and productive life.

PNEUMATIC OR PUNCTURE PROOF CASTORS

Ideal for applications where a cushioned, comfortable ride is paramount to protecting the load. Our Pneumatic castors feature high-quality rubber tyres and sealed bearings (increasing water resistance and decreasing rolling resistance). Additionally, they cushion bumps!. This is why they are ideal for moving fragile goods and materials.
