Process Worker – Polyurethane Shed

We are seeking an enthusiastic, skilled, and energetic **Process Worker** to work at our site in **Clayton South**.

The role requires you to work within our polyurethane shed under the guidance of a leading hand. Typically, you will be conducting measurement and calculations of raw materials and following a production process to ensure a high-quality polyurethane based product is produced. The role requires you to work in a safe manner and be wearing full PPE. This a customer focused position and therefore deadline driven. Due to this and the nature of the production process some overtime will be required. This position will require you to work **ongoing, full-time hours Monday to Friday**.

Responsibilities:

- Ensure production deadlines are met
- Calculate and measure raw materials for each job
- Follow company production processes and instruction from leading hand
- Follow company policies

To be successful:

- Valid driver's licence.
- Have a "can do" attitude. Driven to get the job done and meet deadlines
- Fit and fast paced
- Focused. Eye for detail and accuracy
- An ability to conduct measurements and calculations
- Be prepared to learn

This is a unique role, where you will learn a specialised skillset. You will receive on the job training, join a family atmosphere and a trusting environment.

In return for your dedication and hard work, you will be provided ongoing stable employment and be part of an excellent work culture.

To apply please email your cover letter and resume to Tom Murphy, tmurphy@richmondau.com
