

BAKERY RACKS

Richmond's range of bakery racks & accessories are your number one choice for quality, versatility, and efficiency.

- **Supplied assembled:** a fully welded finish reduces maintenance costs and is easy to clean. Say goodbye to flat-packs and retightening of fasteners.
- **Racks nest together tightly:** the Z base frame design allows for racks to nest together when not in use, maximizing storage space.
- **Grade 304 stainless steel frame:** offers superior corrosion resistance, increasing longevity of your racks.
- **Thicker steel construction:** prevents shelves and frames snapping or buckling in heavy commercial use environments. Designed with heavy duty use in mind.
- **Bolt-on interchangeable stainless steel castors:** Our castor frames are the best in the industry, and are simple to replace.
- **High-Temperature Wheels:** Australian manufactured from high-temp polymer, these wheels are proven to last the distance under extreme conditions. Market leading design.
